SECTION I

GENERAL PROVISIONS

ARTICLE I

Recognition

AGREEMENT

This Agreement made and entered into by and between Long Beach Public Transportation Company, a California nonprofit corporation, its successors and assigns hereinafter called the “Company” and Local No. 1277 of the Amalgamated Transit Union, an unincorporated association, hereinafter called the “Union”.

WITNESSETH:

That the parties hereto contract and agree as follows:

SECTION 1. The Company recognizes the right of its employees to bargain collectively through representatives of their own choice and recognizes the Union as the exclusive representative of all its employees covered by this Agreement. Jurisdiction of the Union and the appropriate unit for collective bargaining are defined as embracing all operating and maintenance employees included within the classifications of employees as set forth in the wage sections of this Agreement. For the purposes of this Section, to bargain collectively is the performance of the mutual obligation of the Company and the Union to meet and confer in good faith with respect to wages, hours, and other terms and conditions of employment, or the negotiation of an Agreement, or any question arising thereunder, and the execution of a written contract incorporating any agreement reached if requested by either party, such obligation does not compel either party to agree to a proposal or require the making of a concession.

SECTION 2. Any authorized Union representative shall be permitted on the premises of the Company during working hours to transact Union business provided, however, that the transaction of Union business shall not interfere with or delay any employee in his or her work. While on the premises of the Company such authorized Union representatives shall comply with the safety rules required of employees. The Union will, from time to time, provide a list of such authorized Union representatives. Upon request, any such authorized Union representative will be issued a LBT access I.D. card which shall give him/her access to areas that represented employees have access.

SECTION 3. Should the Union desire to discuss with the Company any general problems not pertaining to grievances, a meeting shall be arranged upon written request at a time mutually agreed upon. Any such meeting may include either an operator or elected union representative or both.

SECTION 4. An elected union representative may leave his/her work during working hours with the permission of his/her immediate superior, without loss of pay time, for the purpose of performing the following duties for an employee or group of employees in his/her jurisdiction:

- A. To present a problem for adjustment to the management when so requested by an employee under his/her jurisdiction.
- B. To investigate any such problem so that it can be properly presented to the employee's immediate superior or further processed. It is understood by the parties that each will cooperate with the other in reducing to a minimum the actual time spent by the elected union representative in investigating, presenting and adjusting such problems.

SECTION 5. When the term "employee" is used in this Agreement, it shall mean an operating or maintenance employee included within the classifications of employees as set forth in the wage sections of this Agreement.

SECTION 6. The list of names of the authorized Union representatives shall be given to the President/CEO of the Company, as well as any change in such list, at least three (3) days prior to the effective date such authorized representatives assume office.

ARTICLE 2

Assignability

This Agreement shall be binding upon the successors and assigns of the parties hereto, and no provisions, terms or obligations herein contained shall be affected, modified, altered or changed in any respect whatsoever by the consolidation, merger, sale, transfer or assignment of either party hereto, or affected, modified, altered or changed in any respect whatsoever by any change of any kind in the ownership or management of either party hereto or by any change, geographical, or otherwise, in the location or place of business of either party hereto.

ARTICLE 3

Duration

SECTION 1. This Agreement shall be in effect from July 1, 2023, to June 30, 2026, both inclusive, and from year to year thereafter, except that at the expiration of the contract term or of any renewal thereof either party may terminate the Agreement by giving notice to the other party of its intention to terminate the Agreement or to negotiate changes in its terms.

Said notice shall be in writing and be delivered to the other party not more than ninety (90) and not less than sixty (60) days before the expiration of the contract term or of any renewal thereof. If such notice is given by either party, it shall also contain an offer to meet and confer with the other party for the purpose of negotiating a new contract.

SECTION 2. If no agreement shall have been reached by the parties within thirty (30) days after such notice, the State Mediation and Conciliation Service established to mediate and conciliate disputes within the State shall be notified of the existence of a dispute.

SECTION 3. The Arbitration Award dated April 4, 2011, contained the following provision:

The Board of Arbitration retains jurisdiction to hear evidence and make decisions for the period July 1, 2012, to June 30, 2013, concerning the following subjects:

- A. Wages
- B. Health benefits and contributions
- C. Pension benefits and contributions, including whether there should be a Defined Contribution plan for new hires.

The hearing before the Board of Arbitration, assuming the Parties have not theretofore agreed concerning the above subjects, shall commence at 10:00 a.m. on June 14, 2012 and conclude no later than 5 p.m. on June 15, 2012, in Long Beach.

The Arbitration Award dated June 15, 2012, pertaining to pension benefits and contributions, health benefits and contributions, and wages is set forth in Articles 17, 30, 47, and 50, respectively.

ARTICLE 4
Negotiations

SECTION 1. It is mutually agreed that all business comprehended by this Agreement shall be transacted between the properly accredited officers or agents of the Company and the duly authorized representatives of the Union.

SECTION 2. The Union agrees to furnish the Company with an up-to-date list of all its officers and to immediately notify the Company of any and all changes thereto.

SECTION 3. Negotiation dates and times will be set by mutual agreement between the parties. LBT shall pay up to six (6) employees who shall be paid for time spent meeting and conferring. Local 1277 shall advise LBT of the employees to be paid. For any day in which the parties formally meet and confer, LBT shall pay each employee eight (8) hours or their daily run pay, whichever is greater. LBT shall not pay employees overtime for the amount of time that is spent formally meeting and conferring. However, the time that is paid shall count toward an employee's "work time" per the Collective Bargaining Agreement (CBA). Employees will not be paid by LBT if negotiations are held on a day which is the employee's regularly scheduled day off or if the employee is on paid or unpaid leave.

ARTICLE 5
Union Security

SECTION 1. Within thirty (30) days of the date of hire or by the first pay period of the month following hire, the Company shall provide the Union with the following of ATU bargaining unit employees:

- Name
- Hire date
- Job title
- Department
- Work location
- Work cellular number, if provided by the Company
- Personal cellular and home phone numbers
- Personal email addresses

- Home address
- Badge Number

The Company shall provide the same information of ATU bargaining unit employees, regardless of whether the employees have requested dues deduction, to the Union on a quarterly basis. Employees' personal information shall not be deemed public record subject to disclosure to any person or organization other than the Union.

SECTION 2. The Employer agrees that it is required to provide the Union access to new employee orientations in accordance with state law, including but not limited to Gov Code Section 3556. The parties agree that the Union may demand binding interest arbitration as described in Gov Code Section 3557 in order to determine the structure, time and manner of such access to the new employee orientations.

SECTION 3. Upon receipt of written certification from the Union of an employee's voluntary authorization for deduction of dues or fees, the Company shall deduct and remit to the Union the Union's initiation fee and periodic dues/fees for members of the Union. Should there be a dispute regarding the existence or terms of the authorization for deduction of dues and/or fees, the Union shall provide the Company, within ten (10) calendar days of notice of the dispute, with a copy of the authorization(s) signed by the employee.

Dues and/or fees withheld by the Company shall be transmitted to the Union Officer designated in writing by the Union as a person authorized to receive such funds, at the address specified. Union Dues are deducted from an employee's first paycheck of the month and remitted via check to ATU within one week of the pay date. Union Initiation Fees are deducted from an employee's second paycheck of the month and remitted via check to ATU within one week of the pay date. Union Back Dues (Arrears) are deducted from an employee's second paycheck of the month and remitted via check to ATU within one week of the pay date.

The Union shall provide protection to the Company by indemnifying, defending and holding the Company harmless from and against all claims, causes of action, or lawsuits and

liabilities as a result of any loss, claim, liability arising out of the deductions or transmittal of funds to the Union, except the intentional failure of Long Beach Transit to transmit monies deducted from employees pursuant to this Article to the Union.

ARTICLE 6 Management

The Company will continue to exercise exclusively the right to set its policy; to manage its business in the light of experience, good business judgment, and conditions; to determine the qualifications for and to select its managerial and supervisory forces; to determine the number of employees it will retain in its services at any time; and to make reasonable rules and regulations governing the operation of its business and the conduct of its employees, however, such rules and regulations shall not violate or be in conflict with any of the provisions set forth in the Agreement. The Company agrees to provide the Union written notice prior to posting any change of policy.

ARTICLE 7 Company Rules

It is mutually agreed that rules and regulations made by the Company, not in conflict with the provisions of the Agreement, are necessary to the efficient operation of the equipment and maintenance of Company's property.

ARTICLE 8 Grievances and Grievance Procedures

SECTION 1. A grievance is defined to be any complaint or dispute arising between the parties of this Agreement as to working conditions or as to the application of this Agreement between the parties.

SECTION 2. In the settlement of grievances under the terms of this Agreement, the following procedure shall be observed:

- A. No grievance shall be entertained or considered unless it is presented in the following manner:

Step 1: The employee or the Union shall submit, in

writing, a grievance with the employee's Executive Director/Vice President, or their designated representative, within five (5) days after an incident occurred which the employee knew, or by reasonable diligence could have known, the facts upon which the grievance was based. The Executive Director/Vice President, or their designated representative, shall meet to discuss the grievance within ten (10) days of the receipt of the grievance. The Executive Director/Vice President (or designee) shall give their answer to the employee no later than five (5) days after the Step 1 meeting.

Step 2: If the answer of the Executive Director/Vice President, or his/her designated representative, in Step 1 is unsatisfactory, the grievance shall be presented in writing and contain a statement of the pertinent facts and the provisions of the Agreement allegedly violated and remedy sought to the Executive Director/Vice President, Employee and Labor Relations, or his/her designated representative within ten (10) days after the answer in Step 1.

Step 3: Within five (5) days after the Executive Director/Vice President, Employee and Labor Relations' receipt of the written grievance in Step 2, a settlement conference will be held. A written response will be issued within ten (10) days of the settlement conference if the grievance is not settled.

- B. If the decision from that conference is considered to be unsatisfactory, the Party considering the decision unsatisfactory will request arbitration within fifteen (15) days thereafter. If not so settled and if arbitration shall not have been so demanded by either the Company or the Union, such grievance shall be forever barred and extinguished.

SECTION 3. The time limits herein specified shall be

calculated by excluding Saturdays, Sundays and holidays. Any time limits in this Agreement may be extended by mutual agreement. Failure to adhere to the time limits will cause forfeiture of that Party's position.

SECTION 4. For all purposes hereunder, grievances and notices will be considered sufficiently served when mailed postage prepaid by certified mail, or when hand-delivered, to the President/CEO, or his/her designated representative, at 1963 E. Anaheim Street, Long Beach, California 90813, for service upon the Company, and when sent in a like manner to the Amalgamated Transit Union, Local 1277, 1744 N. Main St., Los Angeles, California 90031, for service upon the Union.

Either party can change their address herein with prior notice to the other Party.

ARTICLE 9 Arbitration

In the event any grievance cannot be adjusted as set forth in Article 8 hereof, and either party elects to go to arbitration, such party may do so by sending written notice of such desire to the other party within a period of fifteen (15) days from the date of the delivery of the decision of the Company as provided in Article 8, Section 2, paragraph B, hereof.

A temporary Board of Arbitration shall be chosen immediately in the following manner: One member of said board shall be chosen by the Company and one member by the Union. The two thus chosen shall, within five (5) days exclusive of Saturdays, Sundays and holidays, select the third member of said board, and in the event they cannot agree on the third member, the Company and the Union shall request the Director of the State Mediation and Conciliation Service to submit a list of five persons qualified to act as the third member of said arbitration board. The Union representative and the Company representative, after the receipt of said list, shall each have the right to strike two names from it in the following manner.

The two representatives shall determine by lot the order of elimination and thereafter each shall, in that order, alternately eliminate one name until only one remains. The fifth or

remaining name shall thereupon be accepted by both the Union and the Company as the third member of the board. The three arbitrators so selected shall endeavor to meet daily for the purpose of hearing such grievance as may be referred to them and render a decision thereon. A majority decision of said board shall be final and binding upon both parties and transmitted in writing to each thereof. No single grievance shall consume a period in excess of five (5) working days after the appointment of the board of arbitrators. Failure of either party to appoint its arbitrator within a period of five (5) days from the time of official notice by the other party of arbitration proceedings will cause that party to forfeit its case. Each party shall bear the expense of its own arbitrator. Compensation of the third arbitrator, in addition to the general expense of said board as a whole, shall be paid jointly by both parties hereto.

Failure on the part of either party to perform the act required in Articles 8 and 9 within the time limits as set forth shall cause said party to forfeit its case. Time limit requirements set forth herein may be extended by mutual agreement between the parties.

ARTICLE 10 Reopening Clause Under Wage Section

Notwithstanding the provisions of Article 3, in the event the Long Beach Public Transportation Company, or any part of it, is acquired by purchase, lease or otherwise, or operated, by any successor, and in the event that the successor so acquiring or operating Long Beach Public Transportation Company pays a higher basic hourly, daily, or weekly wage rate, including the product of any cost of living escalator provision, to any employee or employees performing comparable work to the work performed by employees under the terms of this Agreement, the Union may, after the effective date of such purchase, lease or otherwise, reopen the wage provisions of this Agreement upon thirty (30) days' notice in writing.

ARTICLE 11 Changes of Classifications

Should changes be made in the maintenance and operation

of the Company's equipment creating classifications of employees not contemplated or covered by this Agreement, the parties hereto agree to negotiate supplemental agreements covering such necessary changes in classifications.

ARTICLE 12
Bulletin Boards

Bulletin boards shall be provided for the exclusive use of the Union on Company's property for the proper display of official bulletins, notices, etc.; provided that in order to entitle such bulletins and notices to be posted on the board they shall be attested to by the proper officers of the Union and have the official seal attached.

ARTICLE 13
Distribution of Contract

The Union will furnish to each employee hired after the effective date of this Agreement a copy thereof. A copy will be issued to each new employee (excluding break-in period). The contract will be printed in pocket size booklet form, by a Union printer, and cost to be shared equally by the Company and the Union.

ARTICLE 14
Waivers

A waiver or breach of any condition of this Agreement by either party shall not constitute a precedent for any subsequent waiver or breach of any condition.

ARTICLE 15
Warranties

SECTION 1. Each of the parties hereto warrants that it is under no disability of any kind that will prevent it from completely carrying out and performing each and all of the provisions of the Agreement, and further that it will not take any action of any kind that will prevent or impede it in the complete performance of each and every provision hereof.

SECTION 2. The individuals signing this Agreement in their

official capacity hereby warrant their authority to act for their respective parties.

SECTION 3. This contract contains all of the agreements, stipulations and provisions agreed upon by the parties hereto, and no representative of either party has authority to make, and neither party shall be bound by, any statement, representation, agreement, stipulation or provision made prior to the execution of this contract or during these contract negotiations and not yet set forth herein.

A copy of the complaint will then be furnished both to the employee and the Union. In the event the employee disputes the complaint he/she shall write his/her answer to same within five (5) days (holidays and days off excepted). The complaint, however, shall not be used for disciplinary or discharge purposes unless it results in an adverse notation.

- C. An employee shall be entitled to Union representation at any time he/she is requested to attend an interview or a hearing at the option of the employee.

- E. Discipline hearings/record of contact shall be held within twenty (20) days, excluding Saturdays, Sundays, and Holidays, of the date of the Company's knowledge of the incident or infraction giving rise to the discipline. Any day the employee is off work, due to sickness, injury or bereavement leave shall be excluded from the calculation of the twenty (20) days. When required to report for an interview, the employee and union will be provided at least forty-eight (48) hours' notice of the time, date, place and subject matter of the interview. Notwithstanding the foregoing, the Company may extend the twenty (20) day period in cases requiring significant investigation. The time periods in this paragraph apply to all discipline hearings and/or records of contact.

SECTION 3. When a detrimental entry is made in an employee's service record the Company shall give the employee and the Union a copy of the entry and the employee shall have five (5) days (holidays and days off excluded) in which to submit a written answer and same shall become a part of his/her record, provided however, that evidence and reports of mishandling of fares, if any, shall not be considered part of his/her record unless and until formally entered on the record. Any maintenance employee returning to work from sick leave shall notify the maintenance supervisor at least one (1) hour prior to the start of his/her shift or assignment.
- E. When it is proven that any employee abuses his/her sick leave privilege or if he/she should feign an illness, such employee is subject to discharge at the option of the Company.
- F. If a holiday occurs while an employee is on qualified sick leave, he/she shall be entitled to sick pay, days off excepted, in lieu of holiday pay. If the employee has no accumulated sick leave and is eligible for holiday pay under Article 33, he/she shall receive holiday pay.
- G. Effective July 1, 2023, new employees shall accrue sick leave, but are not eligible to use sick leave until they have passed probation.
- H. If an employee is hospitalized during an illness his/her qualified sick leave pay shall start with the first day of sickness.
- I. If an employee is off work because of an injury other than an industrial injury, the qualified sick leave shall start with the first day which he/she missed work, provided that he/she provides a doctor's note. If a doctor's note is not provided, qualified sick leave shall start with the second day which he/she missed work.
- J. Days off shall not be counted as a portion of the one (1) day waiting period, neither will an employee be entitled to qualified sick leave pay on days off.

- K. When, due to illness, employees are relieved from their work prior to completing four (4) hours of pay time, that day shall be considered as the one (1) day of the waiting period.
- L. Application for sick leave pay shall be made during the period of illness or injury or upon returning to work, but in no event more than fifteen (15) days, Saturdays, Sundays and holidays excluded, after such return.
- M. The employer shall maintain clear, accurate sick leave records for each employee which shall be made available for inspection to the employee and/or the Union officials.
- N. In the event SDI benefits (excluding daily hospital room and board benefits) are paid for the same day as the contract sick leave, there shall be charged against the employee's sick leave account the difference between the regular eight (8) hour day and the benefits received from SDI, at the employee's option.

ARTICLE 36

SECTION III

MOTOR COACH OPERATOR PROVISIONS

ARTICLE 38

Motor Coach Operations and Operators

SECTION 1. Definitions: An “assigned scheduled run” shall be any regular run which is included in the operating schedules of the Company containing forty (40) hours, or more, of work per week.

SECTION 2. Hours of Work on Assigned Scheduled Runs, Work Day and Work Week:

- A. Work Week: The Company guarantees all regular motor coach operators forty (40) hours, eight (8) hours per day, five (5) days per week. The Company agrees to attempt to reduce the amount of split days off, but in no event will there be more than five (5) split days off.
- B. Except as to the five (5) minutes relief time, all work performed in excess of eight (8) hours per day or forty (40) hours per week, shall be compensated for at one and one-half (1 1/2) times the regular hourly rate of pay.
- C. All pull-out and relief time shall be used as a part of the eight (8) hour guarantee.
- D. All runs or shifts operating less than eight (8) hours per day shall pay a minimum of eight (8) hours' time. Additional assignments will not be included in figuring this eight (8) hour minimum. All give time shall be considered as work time and paid for as such.
- E. Operators shall be required to report ten (10) minutes before their runs are scheduled to pull out from the garage and this shall be considered work time.
- F. The Company shall provide adequate time to cycle wheelchair lifts when required.

SECTION 3. Extra Schedules: Trippers or portions of runs which are not a part of an assigned scheduled run may be

scheduled by the Company without the necessity of conforming with the minimum and maximum guarantees as set forth in Section 2 of this Article for such trippers or portions of runs.

SECTION 4. Hours of Work on Regular Runs:

- A. The Company will make every reasonable effort to establish a maximum number of regular runs according to schedules operated and will continue to endeavor to improve the shifts whenever possible. In the establishment of regular runs, no less than 65% of all runs shall be straight runs. Not less than 73% shall be completed within a ten (10) hour spread. Not less than 87% shall be completed within an eleven (11) hour spread.
- B. Time worked in excess of the hours per day as specified in Section 2 of this Article, or time worked after the permissible elapsed time shall be paid for at the rate of time and one-half (1 1/2).
- C. Work time performed in excess of eight (8) hours or ten hours and thirty minutes (10 hours and 30 minutes) spread per day shall be compensated for at one and one-half (1 1/2) times the regular hourly rate of pay.
- D. Relief runs scheduled in order to provide regular days off for operators working assigned scheduled runs shall not be considered when computing the percent of straight runs or split runs as specified in this Section.
- E. An employee drug tested shall receive the work day guarantee plus any tripper assigned as a result of complying with the testing and not being found in violation of the Company drug policy.

SECTION 5. A split of one-half (1/2) hour, or less, in a regular run shall be computed and paid for as continuous time worked and indicated on the schedule.

SECTION 6. Continuity of Runs: No assigned or extra runs shall have more than one (1) unpaid for period intervening between pieces or work, and any intervening periods, other

than said one (1) unpaid for period, of one and one-half (1 1/2) hours or less, shall be paid for.

SECTION 7. General Sign Up: The Company shall hold a general sign up in the months of June, September and either January or February of each year.

At a time seven (7) days before a general sign up, the Company shall post all runs to be bid. Vacancies during this seven (7) day period shall be operated from the extra board. The actual bidding shall start on the eighth (8th) day after posting and shall continue each day thereafter, excluding Saturday, Sunday, and holidays, in the manner described below until the bidding is completed.

A seniority list shall be posted showing the date and time each group of operators shall report to choose their run and days off. It shall be the responsibility of each operator to be present at the designated time he/she is to bid.

In the event an operator is on sick leave, vacation, leave of absence, days off, or if an operator fails to bid in person or by proxy on the day he/she is designated to bid, a Union representative shall bid for the operator. If the Union representative and the employee are not present, he/she shall be passed up until the Union representative or the employee appears, at which time a bid must be made on any open run or go to the extra board.

In the event an operator is working a run or an assignment at the time he/she is scheduled to bid, he/she shall be relieved, without loss of pay time, in order to bid.

Operators who have been off work on an unpaid status for eighteen (18) consecutive months prior to the bid shall be ineligible to bid a regular run. Operators ineligible to bid shall be assigned to the extra board in seniority order upon their return to work until the next general bid.

For all bids, the first day of bidding shall start at 6:00 a.m. at which time operators in top seniority shall bid choice of runs and days off; and so on down the seniority list. The bidding shall stop at 7:00 p.m. each day.

On the second day, the bidding shall start at 6:00 a.m. with the next operator entitled to bid and the same procedure carried out. The bidding shall stop at 7:00 p.m. On the third day and each day thereafter, the bidding shall start at 7:00 a.m. with the next operator entitled to bid and the same procedure carried out. The bidding shall stop at 7:00 p.m.

For the Fall bid, operators will be allowed twelve (12) minutes each to bid. For all other bids, operators will be allowed eight (8) minutes to bid.

At the regular bids, the Company will post, in addition to regular runs, charter board positions and extra board positions, all vacation hold-down positions. The hold-down will include the regular run and tripper (if any) held by a regular operator.

Each operator will choose in his/her seniority order at the time of the regular bid among the available regular runs, charter board positions, extra board positions and vacation hold-down positions. All vacation hold-down positions must be bid.

After all the posted vacation hold-down positions have been selected, the operators on the vacation hold-down list will select in seniority order the vacation regular runs they will work during the period of the bid. A vacation hold-down operator will have three days off in each week which go with the vacation runs they bid for each week. All vacation hold-downs will be posted for full weeks only.

The number of vacation hold-down positions may vary during the period of the bid. This will be designated when the vacation hold-down positions are posted for bid. When the number of vacation hold-downs is reduced for a portion of the bid period, the operators not needed for vacation hold-downs shall, on the basis of seniority choice, revert to the extra board and will take their positions on the extra board. When a vacation hold-down operator reverts to the extra board, he/she shall have Saturday and Sunday as his/her days off.

The procedure may be changed by mutual agreement between the Company and the Union.

SECTION 8. Any regular or extra board operator of an

assigned scheduled run shall have the right to give up such run (or position on the extra board) provided a run or position on the board are available and provided these terms are in agreement with Article 38, Section 11.

SECTION 9. In the event the starting or ending time of a regular operator's run is changed fifteen (15) minutes or more, or the mileage of his/her run is changed ten (10) miles or more, he/she will have the privilege of exercising his/her seniority in the selection of a run held by an operator with less seniority provided he/she give the Company notice of his/her intention to do so within twenty-four (24) hours after the change became effective. Operators who are bumped by the exercising of this privilege shall have the right to exercise their seniority in the selection of other runs. The change in the assignment of runs selected under the provisions of this Section shall become effective within three (3) days after the new selection is made.

SECTION 10. *Bumping:* Operators displaced by senior operators, or for any reason deprived of their runs through no fault of their own, may, should they so desire, displace operators junior to them or place themselves on the extra board with their full seniority rights. Operators must exercise privilege of displacing junior operators within five (5) days from date of being displaced, unless prevented by sickness, leave of absence or other good cause, or take their place on the extra board. If, upon the first day of his/her change-over, any operator worked beyond his/her week's maximum by reason of the bump, he/she shall nevertheless, receive only straight time for such day.

SECTION 11. *Vacated Runs:* A vacated run shall mean a run vacated voluntarily or through suspension, dismissal from service, leave of absence for military service, or death of regular operator. Vacated regular runs will be advertised for bids on the first and third Monday of each month, except there shall be no advertising of bids for vacated regular runs on the third Monday of the month preceding the regular bids, and bids must be completed within three (3) days and filled within two (2) days thereafter, and thus assigned to the senior operator making written application for such vacancy. A regular or extra board operator bidding off a run will not be allowed to bid or bump the same run back for a period of sixty (60) days,

except at a general bid. If, upon the first day of his/her change-over, any operator works beyond his/her week's maximum by reason of the change-over, he/she shall, nevertheless, receive only straight time for such day.

SECTION 12. *Biddable Runs Not Bid:* Other than at the general sign up, a biddable run that is not bid after being posted will be assigned to the last operator in seniority on the extra board.

SECTION 13. *New and Trial Runs:* The Company agrees that any new or trial run established shall be posted for bid.

SECTION 14. *Incomplete Runs:* If a regular motor coach operator has reported for and begun his/her run, he/she shall be paid full time for that run, even if it is not completed, provided the failure to complete the run as scheduled is due to causes for which the operator is in no way responsible, and providing work on the same day given equal or greater pay has not been offered him/her within the hours approximating those lost.

SECTION 15. *Schedules:* The cooperation of employees in making schedules will be welcomed, and to that end the Company having in view the existence of governmental supervision over schedules and the necessity of making immediate changes at times to meet unexpected conditions, shall notify the Union of any proposed changes in schedules for review and recommendation by a three (3) man committee appointed by the Union. The committee shall examine any new schedule or change in schedule and offer suggestions with the aim of furnishing the best possible working condition for the employees consistent with the economical operation and traffic demands. This committee shall serve without compensation.

SECTION 16. *Extra Work and Work on Days Off:*

- A. Day off work will be assigned to those operators who voluntarily sign up for day off work. The list will be initially established at the time of the general sign up in seniority order and shall thereafter operate on a rotation basis until the next general sign up. An operator who signs up for day off work after the list is initially established will be placed at the bottom of the list. Day off work will be assigned out from the

list on a “first up - first out” method, except where such assignment would violate Section 17 below. An operator who refuses day off work assigned in accordance with this procedure will be rotated as if he/she had worked.

When an operator signs up to work on his/her day off, he/she shall:

1. Check the work list after 2:00 p.m. on the day prior to his/her day off to see if he/she has been assigned to work his/her day off;
 2. If he/she desires to not work his/her day off, he/she must contact the dispatcher before 11:30 a.m. on the day prior to his/her day off to be released from any assigned duties.
- B. All motor coach operators who work on their regular assigned day or days off shall be paid for all work performed on that day or days off at time and one-half (1 1/2) their regular straight time rate of pay with a minimum guarantee of at least eight (8) hours (i.e., five [5] hours and twenty [20] minutes work or less will produce eight [8] hours pay; six [6] hours work will produce nine [9] hours pay, etc.).
- C. To qualify for overtime on the sixth day or seventh day of a work week, the employee must have worked their daily work assignment five days in that week or have worked in excess of 40 hours for the week, with the exception of an employee not working five days due to paid vacation day, paid holiday, jury duty or Union leave. Work beyond eight hours’ work on the sixth or seventh day is to be paid at the overtime rate as provided for in the Agreement.

SECTION 17. Hours of Rest: Each motor coach operator shall be allowed nine (9) consecutive hours of rest out of each twenty-four (24) hours, and shall be paid at the rate of time and one-half (1 1/2) for all time worked during such rest period, except as provided in Sections, 7, 10 and 11 of this Article.

SECTION 18. Travel Time: Daily except Saturday, Sunday and holidays, scheduled running time via the most direct route shall constitute “travel time” and will be paid when:

- A. An operator is relieved and then makes a pullout from the garage.
- B. After pulling into the garage an operator makes a relief at a point other than Anaheim Street and Cherry Avenue.
- C. An operator makes a relief at a point other than where he/she was relieved; he/she shall be paid travel time to such other relief point.
- D. An operator is notified to report to the garage, prior to reporting at the relief point for the commencement of his/her day’s work; he/she shall be paid travel time from the garage to the relief point.
- E. An operator is relieved during his/her run and notified by the Company to report to the garage. If instructed to resume his/her run he/she shall also be paid travel time from the garage to the relief point.
- F. An operator is relieved at the completion of his/her run and is notified to report to the garage; he/she shall be paid travel time from the relief point to the garage.

Company car(s) will be available (except in emergencies, breakdowns, etc.) to operators making relief on the line with the understanding that the operators being relieved will immediately return the Company car to the Company property.

SECTION 19. Operator Meal/Rest Periods:

- A. It is the intent of the parties to fully comply with meal/rest periods for operators pursuant to Industrial Welfare Order 9-2001 as amended and effective July 1, 2004. The parties are committed to implement applicable provisions within the spirit and intent of the law by the terms set forth below.

B. The parties agree to make adjustments to the system run cut to allow time for operator meal/rest periods where necessary. Implementation of these times and the processes should be made prior to or at the First Run Bid of 2006. From time to time the system schedules may not permit the negotiated alternative meal/rest periods for operators to be met and the parties agree to the following as a review and an adjustment process to bring the system run cut back into compliance with this Article. As negotiated this alternative scheduling and reconciliation process meets all legal requirements which became effective July 1, 2004. Once agreed there are no penalties other than that which is negotiated here. As of the September 2005 Run Bid (Service Change) for any straight run scheduled with less than a total of fifty (50) minutes meal/rest/penalty time, the operator who works that entire run shall be paid a penalty of sixty (60) minutes per day for that run.

C. There will be a joint Schedule Adherence Review Committee made up of two (2) members appointed by the Union and two (2) appointed by the Company. The Committee will be charged with oversight and review procedures to ensure that negotiated operator meal/ rest periods are not reduced below the minimum time specified in Article 38 by insufficient running times in the run cut in any Run Bid. The Committee will create and review the survey forms which will be used to report and investigate run cut failures that reduce these negotiated meal/rest periods. In most cases, a problem found to be valid in one (1) Run Bid will be adjusted according to the following example:

In a three (3) cycle Run Bid year all surveyed valid problems found in the run cut of one (1) Run Bid reducing any meal/rest period time will be adjusted after investigation as follows:

Valid complaints in the First Run Bid will be adjusted by the Third Run Bid. Valid complaints in the Second Run Bid will be adjusted by the First

Run Bid in the following year. Valid complaints in the Third Run Bid will be adjusted by the Second Run Bid in the following year.

After investigation, any meal/rest period complaints found to be valid and not adjusted by the Company by the above time schedule will result in a one (1) hour penalty for each meal/rest period lost up to a maximum of one (1) hour per employee work day and paid to all operators who actually worked that piece of work retroactive to the date of complaint in the appropriate Run Bid. The penalty or penalties will continue to be paid until adjustment is made. An operator who had not finished the required work periods for this day is not qualified to receive the penalty.

Any meal/rest period complaints disputed by the parties will be resolved by an Expedited Arbitration process by a permanent, neutral arbitrator rendering a final and binding bench decision. The above penalties are the exclusive remedies for time issues arising under the terms of this Article. Any interpretation questions concerning the intent of this language and the processes of this section are subject to the normal contractual arbitration process. The Expedited Arbitration will address the time issues and the reasons each party thinks its position is appropriate. The parties reserve the right to change arbitrators. There will be no attorneys, no transcripts and no written briefs. The costs of the neutral arbitrator and any miscellaneous expenses associated with the arbitration shall be shared by the parties.

It is understood that the reduction or loss of meal/rest period time due to circumstances beyond the control of the Company, for example, traffic accidents, incidents, temporary detours, railroad crossing delays, and delays due to inclement weather will not be considered as valid complaints for schedule changes or penalties. It shall be understood that under all circumstances the operator will make every effort to maintain the schedule.

With the exception of inclement weather, operators may at their discretion load passengers during their meal/rest periods.

Decisions in favor of the Company will have no effect on the schedule and require no adjustments. The Committee should respond to invalid claims and give the reasons for not needing schedule or run cut adjustments.

Operator meal/rest periods are times that are set aside for the use of the operator for a short rest, meals, or other personal needs. In general they will be taken at layover.

Operator meal/rest periods shall be at least enough time to give fifty (50) minutes total time in a regular eight (8) hour work period day. There is no rest period due for a total work period in a work day of less than three and one-half (3 1/2) hours. This is usually a fragmented run or part time piece of work. Meal/rest periods shall be computed as time worked. On split runs there is no requirement to provide the thirty (30) minutes intended for compliance as a meal period where the length of work pieces and period do not warrant.

All meal/rest periods should be as evenly distributed as possible through an operator's work periods, fifty (50) minutes in a work period that is straight and approximately eight (8) actual work hours, and eighty (80) minutes in a work period(s) that exceed ten (10) actual work hours but is not more than twelve and one-half (12 1/2) hours in spread.

The time that would have been required to comply with the meal period time, thirty (30) minutes, will be distributed throughout the schedule as rest period time or taken during a non-paid split work period.

These provisions and processes comply with the Wage Order and all compliance requirements.

ARTICLE 39 Provision Against Pyramiding

Where more than one (1) overtime provision is involved, only that provision which creates the greatest compensation shall apply.

ARTICLE 40 Extra Board Operators

SECTION 1. *Operations of the Extra Board:*

- A. There shall be one (1) common extra board with the positions on said board established in seniority order.
- B. At the general sign up, the number of extra board positions will be determined by the difference between the total number of operators and the total number of biddable runs.
- C. A rotating charter - extra board system, posted in seniority order, will be used, utilizing the "first up - first out" method. This system of operating may be changed at any time by mutual consent of the Company and the Union.
- D. Work assignments for the following day shall be posted each day at 2:00 p.m.
- E. General rules regulating operators relative to sick leave, miss-outs, etc., shall apply to all extra board operators.
- F. The Company shall give the Union a copy of all charter and extra board assignments as posted, the day after posting. The Union will be allowed to check daily event sheets when necessary.
- G. Whenever two (2) extra board or charter board operators are assigned the same work, the operator with the most seniority will be allowed to choose between working the assignment or going on report.

If the seniority operator chooses to work the

assignment, the lesser seniority operator will go on report and will be paid no less than eight (8) hours at the straight time rate, or pay time, whichever is greater.

When a charter board or extra board operator is misassigned, he/she shall be paid the assignment he/she worked. In addition, he/she shall be paid either the difference in the assignment he/she worked and the assignment he/she should have worked, or ten dollars (\$10.00), whichever is greater. The ten dollar (\$10.00) minimum shall apply only to the first four (4) operators affected.

SECTION 2. Charter Board: A charter board will be created from the first ten (10) positions on the extra board. These jobs will be bid by seniority. Charter board operators will bid their days off, by seniority, from available board days off.

All charters shall be worked within this ten (10) operator board on a rotating basis and "first up - first out" rule shall prevail. When charter operators are not available, excess charters may be worked by extra board operators by sign on time.

When a charter is scheduled and a person is assigned to work that charter and the charter cancels, the work assignments shall revolve as if the charter had been worked.

Log books shall be issued to extra board operators assigned charters if required.

This charter board operation, or any part thereof, may be changed at any time by mutual consent of the Union and the Company.

Overnight Charter Work: In the event the Company operates an overnight charter, provisions A through F contained in the July 1, 1983 Agreement shall prevail, except that the amount of the daily advance to be provided the operator for expenses will be mutually agreed upon by the Company and the Union at the time of such overnight charter.

SECTION 3. Extra Board Operator's Guarantee and Hours of Work:

- A. Each extra or charter board operator shall be guaranteed a minimum of eight (8) hours work time daily and minimum of forty (40) hours work time each week to be completed in five (5) consecutive days, provided he/she has accepted all work offered him/her. For each scheduled work day on which an extra or charter board operator does not work his/her entire assignments, his/her guarantee shall be reduced eight (8) hours for that day. The prevailing rate of pay, for the purpose of interpreting this Section, shall be the rate of pay that the employee's seniority calls for.
- B. An extra board operator may decline work beyond a twelve and one-half (12 1/2) hour spread in any one day. If extra board operators accept work beyond a spread of twelve (12) hours, they will be paid time and one-half (1 1/2) for all work performed in excess of the spread of eleven (11) hours, subject to Article 38, Section 4, Subsections B, C and D, with all other time and one-half (1 1/2) provisions excluded.
- C. No employee shall lose any portion of his/her guarantee as a result of his/her working on his/her assigned or scheduled day off. Employees earning more than guaranteed minimum shall receive in full the amount so earned according to the wage schedules as set forth in Article 47, Section 2.
- D. Work time performed in excess of eight (8) hours or ten hours and thirty minutes (10 hours and 30 minutes) spread per day shall be compensated for at one and one-half (1 1/2) times the regular hourly rate of pay.

SECTION 4. Hold-Down for Absence: When a regular operator is expected to be temporarily absent for a period in excess of one (1) week (other than on vacation which is dealt with separately in this Article), his/her regular assignment will be posted for hold-down by extra board operators. The assignment will be available to the extra board operators in seniority order, and if not selected, it will be worked by the

extra board in the normal manner. An extra board operator on a hold-down will have the days off which go with that assignment. The extra board operator shall have both the run and the tripper on a hold-down. An extra board operator on a hold-down will remain on it until the return of the operator who temporarily vacated it, or until the next general sign up, whichever occurs first, except that when an extra board operator with a sick hold-down is on the sick list for more than five (5) days, that work will be posted for bid as a hold-down.

No charter board operator may bid a hold-down assignment.

SECTION 5. *Extra Board 5-Day Week:* General rules regulating the forty (40) hour work week for regular operators will apply to extra board. Extra board operators will bid their days off by seniority.

ARTICLE 41

Accidents – Reporting

SECTION 1. Every employee shall make one (1) report for each accident or incident occurring during his/her run or shift, as required by the Company and such report shall be made at the completion of his/her run or shift.

Employees who are required to make a report shall be allowed twenty (20) minutes for making such report, except that no allowance shall be granted when said report can be made out in time already being paid for on the date report is being made. In the event travel is required the employee shall be paid travel time (scheduled running time) and same shall be subject to the overtime provision. All other reports and interviews required by the Company shall be paid for at the straight time rate. Such time shall be checked in through the traffic office. In no event shall any employee be called to make a report or attend an interview on his/her day off, except for deposition or court proceedings.

SECTION 2. The Company agrees to compensate any employee at the rate of pay prescribed by the terms of this Agreement, less any other compensation received as a result of such appearance, for all time spent in conjunction with any legal matters involving the Company directly or indirectly.

In no event shall an employee be paid less than he/she would have received had he/she worked his/her scheduled or assigned work time, except in the case of assault wherein the employee involved is proven to be the aggressor.

If such appearance occurs outside the City of Long Beach, the employee will be provided transportation or reasonable travel expense to attend such hearings.

SECTION 3. All accidents will be reviewed by officials of the Company designated by the President/CEO. Where an accident is determined to have been preventable, the employee will be notified in writing within seven (7) days, excluding days off and holidays, from the date of the accident (except in rare cases such as insufficient information for the decision of preventability to be made).

Written notice shall be hand delivered to the employee or mailed to the employee via certified mail if the employee is off work for any reason and shall include the determination of preventability and the reasons for that determination. If the notice was mailed, the employee shall have five (5) days from the date he or she returns to work to request a review of the decision.

Within five (5) days of receipt of such notice, the employee may request in writing a review of the decision with the designated Company official. The employee and union will be provided at least forty-eight (48) hours' notice of the time, date, and place of the conference with the designated Company official to review the decision. The conference may be rescheduled only upon mutual agreement of the Company and the Union.

Only after the review with the designated Company official, in which there is no change and the accident is still deemed preventable, may the employee request in writing within five (5) days excluding days off and holidays, a hearing before a committee of three (3) members comprised of one (1) Company official, one (1) member of the Union and a third member to be a representative from a local law enforcement agency.

- A. The Company and Union member will render their votes, and only if the vote is a tie will the impartial member vote.
- B. In no event will the nature of the vote be revealed nor will the impartial member reveal whether or not it was necessary for him/her to vote. The only information revealed will be the statement by the impartial member as to whether the accident is preventable or non-preventable.
- C. The decision of the Committee will be final and binding. There shall be no appeal from the Committee's decision, and the Committee will serve without compensation.

**ARTICLE 42
Accident Compensation**

In the event an employee is injured while on duty, resulting in a loss of time, he/she shall: 1) be paid full run, assignment or shift time for the day on which the injury occurs, 2) commencing with the employee's first work day following the day on which the injury occurs he/she shall receive pay equal to one-fifth (1/5) of the maximum weekly compensation amount, as set forth by the Industrial Accident Commission of the State of California, for each of his/her lost work days during the three (3) calendar days immediately following date of injury.

**ARTICLE 43
Accident Prevention**

The Union recognizes that accident prevention work is necessarily incident to the operation of the Company's transportation system and that safety programs, safety meetings and general accident prevention work is mutually beneficial both to the Company and to its employees. The Union, therefore, agrees that it will encourage the employees to cooperate with the Company in such safety work, and will urge them to attend all safety meetings held and conducted by or for the Company and to take an active part and interest in accident prevention work.

**ARTICLE 44
Equipment Change**

No operator shall be required to operate, beyond the nearest practicable change point, a vehicle not in a safe condition and/or not equipped with all safety appliances as prescribed by law, except that the age or type of equipment shall not in and of itself be a ground for refusal to operate a motor coach or vehicle. The Company agrees to comply with all safety rules promulgated by the State of California and the Federal Government.

**ARTICLE 45
Miss-Outs and Work Assignment Layoff**

SECTION 1. When a sufficient number of extra motor coach operators are available to do their work, regular motor coach operators shall be permitted to layoff, provided they secure such permission to lay off from the President/CEO or his/her designee.

SECTION 2.

- A. A "Miss-Out" is Defined To Be: Each failure of any motor coach operator to report for duty at the proper time and at the proper place at which his/her assigned duties are scheduled to start.

An operator who fails to notify the Company at least thirty (30) minutes prior to his/her reporting time that he/she will not report for duty at the proper time and place shall be charged with a "miss-out".

SECTION 3. Penalties for Missing Out Shall Be as Follows:

- A. For the first "miss-out" within a sixty (60) day period, the operator involved shall be paid only for the time worked that day, if any.
- B. For the second "miss-out" within a sixty (60) day period, the operator involved shall be paid only for the time worked that day, if any, and shall receive one (1) day's suspension without pay. If the operator, by direction of a supervisor, does not work on the day of

the miss-out, that day shall be counted as the one (1) day's suspension without pay.

- C. For the third "miss-out" within a sixty (60) day period, the operator involved shall be paid only for the time worked that day, if any, and shall receive two (2) days' suspension without pay. - D. For the fourth "miss-out" within a sixty (60) day period, the operator involved shall be paid only for the time worked that day, if any, and shall be subject to dismissal or such other discipline which the Company may see fit to impose.
- E. The penalty provisions provided in this Article are not intended as a license to "miss-out" within the limits set forth. An operator who "misses-out" consistently over a period of months, although he/she does not reach the limits set forth, may be subject to additional progressive discipline including discharge where appropriate.

SECTION 4. Employees who fail to report and make themselves available to their superintendent or his/her designee, within five (5) hours from the time they were scheduled to report for work, shall be considered absent without leave and be subject to suspension or such other discipline as the Company may see fit to impose, however, in the event they are called, the operator must report within one (1) hour.

SECTION 5. The Company may waive the imposition of a disciplinary penalty for a "miss-out" as hereinabove provided whenever, in its opinion, a reasonable excuse for such "miss-out" exists.

ARTICLE 46

The cost-of-living clause shall not be effective during the term of this Agreement.

In addition to the basic hourly wage rates of pay specified in the Agreement, all employees covered by the Agreement shall be paid a cost-of-living allowance to be determined and re-determined on the basis of increases over the February 1984 Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) (1967=100), U.S. City Average, All Items, published by the Bureau of Labor Statistics, United States Department of Labor. Effective July 1, 2023, the Company agrees to pay each operator who has completed one (1) year of service a uniform allowance of \$350.00 payable in the first paycheck of August of each year, provided the employee has worked 1,040 hours in the preceding applicable period.

To qualify for overtime on the sixth day or seventh day of a work week, the employee must have worked their daily work assignment five days in that week or have worked in excess of 40 hours for the week, with the exception of an employee not working five days due to paid vacation day, paid holiday, jury duty or Union leave. SECTION 2. *Days Off:* In the event any employee works on his/her day off, he/she shall be guaranteed a minimum of six (6) hours work and shall be paid time and one-half (1 1/2) for all work performed on his/her days off, provided the employee qualifies for overtime in accordance with Section 1.

SECTION 3. *Bidding:* The employees of the maintenance department may bid two (2) consecutive days off, and shifts in their respective job classifications by seniority. The actual bidding shall start seven (7) days after the posting of shifts and shall be conducted over two days for the January bid only. If the Union representative and the employee are not present, the employee shall be passed up until the Union representative or the employee appears, at which time a bid must be made on any open assignment. The effective dates of all changes in days off or shifts resulting from such bids shall be on the first day of the first pay period in the months of January and July, immediately succeeding the bidding.

In the event the work to which such employee is transferred or which he/she is directed to do pays a higher rate, and such transfer continues for one (1) hour or more, he/she shall receive for all time spent on such job, the higher rate of pay.

In order to permit an employee to receive training or orientation, the Company may assign an employee to any shift or assignment it may designate without regard to seniority for a period not to exceed ninety (90) days in each instance. The assignment of an employee for training or orientation under this paragraph shall not result in the displacement of any employee already in such shift or assignment.

SECTION 6. *Vacancies and New Shifts:* In case of a vacancy on any shift or the addition of new shifts, all employees shall be given preference to bid and fill the same according to respective job classifications by seniority, subject however,

to Article 20 of this Agreement. At a minimum, the Company shall post notices of such vacated shifts or new shifts for bid on the third Monday of each month and the bid must be completed within three (3) days and filled within two (2) days thereafter.

SECTION 7. *Reports and Time Slips:*

- A. All reports and time slips shall be made on the Company's time. Maintenance employees shall be permitted to clock in not more than ten (10) minutes before the beginning of their work period.

- C. Each shift shall have two (2) ten (10) minute coffee breaks.

Worn or damaged coveralls or two piece uniform must be turned in when obtaining replacement of same. Upon termination of employment, employees shall turn in their coveralls or two piece uniforms or the cost of uniforms shall be deducted from their final paycheck. The amount deducted will be a maximum of ten (10) uniforms (less any turned in) and will not include any

deduction for uniforms previously reported in writing to be missing with the writing being acknowledged by the appropriate supervisor. Upon return of uniforms for issuance of replacement uniforms or separation from employment, each maintenance employee shall return all articles of clothing with the LBT name or logo.

- C. The Company will provide each maintenance employee with tool insurance in the amount of four thousand dollars (\$4,000.00) per tool box for total loss, with a one hundred dollar (\$100.00) deductible. Insurance premium will be paid by the Company. Payment to be made for a total loss provided the employee has immediately reported the incident and has a current tool inventory on file with the Company. The tool inventory will be updated on an annual basis.
- D. Mechanics will receive the following tool allowance payable in the first pay period of August in each year provided they work 1,040 hours in the preceding applicable period to receive the tool allowance:

Effective August 1, 2023, Mechanics shall receive the same tool allowance as follows:

2023.....\$700.00

This tool allowance will be paid on a separate check. The Company will contract with an outside vendor to permit maintenance employees to purchase up to seven hundred dollars (\$700.00) in tools that will be paid through a Company payroll deduction, in the same manner in which uniforms for operators are handled.

- E. The Company will have power tools available for employees required to use power tools.
- F. Work Boots
Provided that maintenance workers have worked 1,040 hours in the preceding applicable period, effective August 1, 2023, the Company will provide \$250.00 per year to all maintenance personnel to purchase such

identified boots. The Company will identify vendor(s) and work boot(s) that meet the Company's criteria and provide a voucher for employees to use with the selected vendor(s) to purchase boots. If, after one pair of boots has been purchased, unused funds remain, that amount may be applied by the employee to a further purchase of an additional pair of boots, or footwear accessories.

SECTION 9. *Bumping:* Maintenance employees displaced by senior employees or returning veterans or who, for any reason are deprived of their shifts through no fault of their own, may, if they so desire, displace employees junior to them. This provision shall not apply to operators transferring from operations to maintenance department.

SECTION 10. *Penalties for "Lateness", "Miss-Outs", and "Absence Without Leave" Shall Be as Follows:*

- A. For each "lateness" and for the first and second "miss-out" within a sixty (60) day period, the employee involved shall be paid only for the time worked that day, if any.
- B. For the third "miss-out" within a sixty (60) day period, the employee involved shall be paid only for the time worked that day, if any, and shall receive one (1) day suspension without pay.
- C. For the fourth "miss-out" within a sixty (60) day period, the employee involved shall be paid only for the time worked that day, if any, and shall be subject to dismissal or such other discipline as the Company may see fit to impose.
- D. The penalty provisions provided in this Article are not intended as a license to be "late" or "miss-out" within the limits set forth. A maintenance employee who is "late" or "misses-out" consistently over a period of months, although he/she does not reach the limits set forth, may be subject to additional progressive discipline including discharge where appropriate.
- E. An employee with a "absence without leave" shall be subject to suspension or such other discipline as the

Company may see fit to impose.

- F. The Company may waive the imposition of a disciplinary penalty for a "lateness", "miss-out", or "absence without leave" as hereinabove provided whenever, in its opinion, a reasonable excuse for such "lateness", "miss-out", or "absence without leave" exists.

Definitions Shall Be as Follows:

- 1. A "Lateness" is Defined To Be: Each failure of any maintenance employee to report for duty at the proper time and place which his/her assigned duties are scheduled to start. The accumulation of every two (2) "lateness" occurrences within a sixty (60) day period shall constitute a "miss-out".
- 2. A "Miss-Out" is Defined To Be: Either the failure of a maintenance employee to report for duty within thirty (30) minutes after his/ her scheduled report time or two (2) "lateness" occurrences within sixty (60) days.
- 3. "Absence Without Leave" is Defined To Be: Failure of a maintenance employee to report for duty within five (5) hours after his/her scheduled report time.

SECTION 11. *Union Emblem:* Members shall be permitted to wear one (1) Union emblem on service uniforms.

SECTION 12. *Safety and Sanitation:*

- A. The Company agrees to comply with the health and safety regulations as promulgated under the authority of the Long Beach Municipal Ordinances, the Los Angeles County Ordinances, the Safety and Sanitation Laws of the State of California, and the Safety and Sanitation Laws of the United States Government. Where such conditions are not specifically covered by legislation or when there is evidence that safety standards are not being complied with, they shall be presented to the employer as a grievance under the grievance procedure as outlined by the terms of this Agreement.

- B. No employee shall be disciplined or discharged for refusing to work under hazardous, dangerous or unhealthful condition, not normally associated with his/her occupation.
- C. Any vehicle which must be towed will be handled by maintenance personnel only. The Company will continue the current practice as long as the tow truck remains operable.

SECTION 13. *Work by Maintenance Supervisor:* A maintenance supervisor cannot work with the tools of the trade except in emergencies and then only to the extent that he/she does not replace any employee with the further exception that he/she may use the tools of the trade for instruction.

SECTION 14. *Duties of Leadperson:* A leadperson is a leader of the group assigned to his/her responsibility. A leadperson need not concern himself/herself with the work of any employee not in his/her group. It is the leadperson's responsibility to lead the employees in the progress of their work under the supervision of his/her supervisor with whom he/she shall consult in all matters affecting such work. A leadperson has the same responsibility as all employees to report any circumstances affecting the safety of other employees or Company property. A leadperson called to work on his/her day off shall not attempt to usurp the authority of the employee serving as leadperson on that day.

SECTION 15. *Maintenance Bidding of Vacations:*

- A. At least ten (10) days before the first day of January of each year the Company shall post vacation assignments available for weekly periods of the vacation year. On the sixth (6th) day after posting, the employees shall be allowed fifteen (15) minutes to bid vacation. Failure to sign for your vacation within the allotted period of time by your group will allow the next maintenance employee in seniority to bid his/her vacation period. An employee passing up the opportunity to bid in his/her seniority group shall

be allowed to exercise his/her bidding rights in any following group. At no time will he/she be permitted to displace a junior man/woman from his/her vacation bid because he/she did not choose to bid in his/ her allotted time. Bidding will not be conducted on Saturday, Sunday or holidays. Should any employee be off sick at his/her scheduled vacation time, he/she shall be permitted to change his/her vacation to a subsequent date, provided it does not conflict with another employee's vacation.

- B. In connection with the above the Company shall keep posted, in a locked and enclosed bulletin case, located in the work area, the vacation bid sheet showing the vacation periods available for bidding. Employees shall submit signed bids on forms provided by the Company and the successful bidders shall be designated on the bid sheet.

SECTION 16. The Company agrees to continue all work presently being done by maintenance personnel with the exception of cases where there is an urgent and immediate need. This pertains to all vehicle maintenance.

SECTION 17. *Promotion:* Promotion in the maintenance department will be on the basis of ability and qualification. Where, in the judgment of the Company, two (2) or more applicants are equal in ability and qualifications, the most senior employee shall be promoted. If any advanced employee fails to qualify in such new position within one hundred twenty (120) days, as determined by the Company, he/she shall revert to his/her former classification without loss of seniority.

SECTION 18. *Layoffs:*

- A. In the event of a layoff in the maintenance department, the employee with the least Company seniority within the classification being reduced shall be the first employee to be displaced. After he/she has been displaced from his/her classification, he/she shall have the right to exercise his/her Company seniority anywhere in a maintenance department classification where he/she is qualified.

B. When there are lay-offs in the maintenance department, the term “classification” refers to job classification as set out in Article 50 of this Agreement with the following exceptions:

1. Mechanics “A”, “B” and “C” shall be one classification.
2. Body and Paint “A” and “B” shall be one classification.

3. Utility shall be one classification.
4. Custodian shall be one classification.

C. An employee exercising his/her Company seniority by bidding into a lower paying position within his/her classification shall retain the rate of pay of his/her former position.

SECTION 19: Overtime beyond the normal working periods shall be distributed equitably among qualified employees in their respective classification by shift and location when practicable on a rotating basis. Failure of an employee to accept overtime when offered will have the same effect as if that employee had worked as far as his/her turn in rotation is concerned. If qualifications are in dispute, the qualifications necessary for any overtime assignment will be determined by the Company. Anyone passed over due to a lack of qualifications will not lose their place in rotation.
